14. GM's ramble

Hello all, and welcome to a new season of Rosedale Open! A special welcome to Daniel Hoogetoorn, John Ola Tollefsrud, Lance Johnstone, Stig-Erik Halvorsen and Alex Trenev, who are joining us for the first time! Good luck to everyone.

Team changes are as follows:

The computer has taken over Really New Bremen Cyberdruids (I will help it with player names). This team will be open for immediate takeover if someone wants to join the game.

Andeby FK has been restarted as Norwegian Vikings.
Jaap Smolders has started a new team called PSV.
Paul Riley has started a new team called Knights of the Round Ball.
Daniel Hoogetoorn has started a new team called FC Mokum.
I have started a new team called Furinkan Matsudai Doshitemo.
Henry Scarborough has started a new team called G.I.D.
Darius Molloy has started a new team called Scrubs.
Alex Trenev has started a new team called Sofia Inseminaters.
Lance Johnstone has started a new team called All Black Moonlighters.
Knut Eivind Brennhaug has started a new team called Kremlin.
Stig-Erik Halvorsen has started a new team called Extreme.
Alekselj-Lev Stevanovic has started a new team called Cevapi.
John Ola Tollefsrud has started a new team called Harestua IL.
Simen Fure Jørgensen has started a new team called 20th Century Dictators.

This season is the return of parallel divisions - we will have top 3 as before, but Kirkwood Showdown and the new division South Keys Slugfest will both be 4th divisions. This also means that with 3 promotions from each, we get 6 relegations from Berkeley. For next season, Kirkwood and South Keys will be 4th and 5th, thus where you land on the table in either of them will have significance - added suspense! I will enter dashed lines into the tables at first, at least, to show how this looks.

To distribute teams between Kirkwood Showdown and South Keys Slugfest, I've used some alternative seeding - it turns out Kirkwood Showdown is stronger in the end, but only marginally.

For those so inclined, there is a chatgroup for the game. It doesn't have a very high volume - it hits a little peak now and then when a thread pops up, but it doesn't add significantly to your mail volume. It's a yahoo group called rosedaleopen - you can join it from the homepage.

I have update the homepage for this season. At <http://www.pvv.ntnu.no/~janbu/ropen.html> you can find it all :) The Rosedale Sun remains the official information source.

Considering adding an extra division will take extra time, I'm going to try and save time where it can be saved. One thing you can help by there, is conforming your submissions to the example submission on «how to play» (<http://www.pvv.ntnu.no/~janbu/roplay.html>). I have recently updated it to reflect my newest small helper programs and adjudication habits. If

your submission does not fit the example submission, I will have to rewrite your submission by hand, which will take me anywhere from seconds to five minutes. Five minutes times 36 teams, for example, is 3 extra hours - so we may have to skip a week sometimes unless the majority follows the example submission (having the player's skill number after the name is not a problem, for those who like to add that - it may also make mistakes less likely).

The home advantage is 6 VP. In the next issue, round 1 and 2 will be played, plus the first round of the Rosedale Knockout.

The deadline for issue 2 is Friday, April 8, at 2130 CET.

I will send out the teams soon.
