Hello everyone! Here are the latest results. Since the issue is early, we'll stick with the previously announced schedule.

The early deadline for issue 4 is Friday December 23, at 21:30 CET. It's always Fridays at 21:30 CET.

The deadline for issue 4 is Friday December 30, at 21:30 CET. It's always Fridays at 21:30 CET. Publication date for issue 4 is Wednesday January 18. It might be out sooner.

If issue 4 is out on time, the deadlines for issue 5 will be January 27 and February 3. If you have heard nothing by the expected publication, feel free to get in touch to check up on it.

Next issue, you send orders for:

- * match days 5 and 6 in the league (see section 12)
- * Rosedale Knockout round 2 (see section 13)

This round, the home advantage remains 6 VP. The home team is listed first in the league schedule. All cup games are on neutral field (no home advantage).

In addition, as always, you send coaching. Optionally, you can also discover talents and buy/sell players.

Orders that reach me before the early deadline clearly marked «final» waive your chance to change them, in return for a cash bonus of 20 kKj to your club. Optionally, you can let me know your orders are «always final» - an option for those of you who never change your orders anyway.

By the time you read this, I have already sent out your teams. If you haven't received them by the day after the publication, please get in touch.

Stephan Rink:

«Hello Jed Stone and the Watchers ! Here is the real truth why England failed to win any major competition since 1966 !

In 1966 after the final when all English player were in the rush of victory, Helmut Haller the best scorer of the German team, 6 goals in 5 games, only Eusebio scored more (9), crabbed the ball and took it home to Germany. Neither while congratulation the English Heroes nor while shaking the hands of Queen Elisabeth II this was noticed! After that incident Germany went on winning 3 European and 2 World Championships until 1996 (!!) while England...well we know...

Why is that so important? Well, as we all know today this ball is a magic one. Just remember the evidence at the overtime when Geoffrey Hurst's kick the hit the crossbar, then dropped, not straight, but in a special arc on the goal line! Then the Soviet linesman, with the greatest enthusiasm decided that it was a goal for the England team that eventually won the match.

In 1996 Helmut Haller returned the ball after this mistake was noticed by the English. Today you can admire this Peace of football history at the National Football Museum in Manchester. But is it the real ball or ingenious fake? Who knows ? Maybe the tournament in Qatar will reveal the truth!

My opinion: The German team is to weak this year to win, but England can do it ! I wish you good luck even in a penalty shootout of course...It is time...»

Jed Stone, Frillby United:

«The Watchers Log 2

The Great Creator of the Universe, the Great Innovator who organised existence has many names, though we just call him Sid. Unfortunately, as well as being an incredible innovator he also has a stutter. When 'The words' were spoken he accidentally created not one universe as intended, but many. All parallel, slightly different and separated by a single indrawn breath. It is our job, as Watchers, to observe, note and record the happenings on these worlds and keep record of the football results.

The existence of a universe parallel to your own is a secret known to but a few. Equally less known is the fact that football exists on only two of them. The creation of football is yours, but the concept was stolen and transplanted in 'Rosedale' a universe parallel to your own when an inventive mind discovered 'the space between' the two universes. We are the Watchers. It is our job to know the truth. »
