1. Introduction

Since the issue is early, we'll stick with the previously announced schedule.

The early deadline for issue 12 is Friday May 7, at 21:30 CET. It's always Fridays at 21:30 CET.

The deadline for issue 12 is Friday May 14, at 21:30 CET. It's always Fridays at 21:30 CET. Publication date for issue 12 is Wednesday June 2. It might be out sooner.

No orders are required for issue 1. If you would like to start a new club next season, now's a great time to let me know. Also, if you know someone who might want to play with us, now's a good time to extend an invitation!

If you have heard nothing by the publication date, feel free to get in touch to check up on it. You can also check the homepage to see if the new issue is out or not.

Next issue, you send orders for:

- * match days 21 and 22 in the league (see section 12)
- * the Rosedale Knockout final (see section 13)

This round, the home advantage remains 9 VP. The home team is listed first in the league schedule. All cup games are on neutral field (no home advantage).

In addition, as always, you send coaching. Optionally, you can also discover talents and buy/sell players.

Orders that reach me before the early deadline clearly marked «final» waive your chance to change them, in return for a cash bonus of 20 kKj to your club. Optionally, you can let me know your orders are «always final» - an option for those of you who never change your orders anyway.

By the time you read this, I have already sent out your teams. If you haven't received them by the day after the publication, please get in touch.

2. Broadcast messages

Jed Stone, Frillby United:

«To the Sports Editor Eric Philpotts LONGDALE COURIER - Skelsthorpe

Dear Sir, I am a goalkeeper NOT an Octopus!! Since all this nonsense about aliens playing in football teams started, I have sat aghast at the stupidity of these people. There is no evidence anywhere that aliens even exist so why in the world should they suddenly be found on a football pitch? What evidence is there that the game even exists on another planet? Did the astronauts found goal posts on the Moon and neglect to tell anyone? Let us have some reality please! Prove that aliens exist then see if they can play football.

As to having an octopus play in goal, - really!! I am a trained, professional goalkeeper and thanks to the idiots pushing the 'octopus' theory into the world I cannot go out without being spotted and offered a fish!! (Do octopuses even eat fish?) As to the total planks that clap and make 'honking' noises when they see me and ask me if I want a fish! That's a seal you idiots!! Octopuses have tentacles not flippers!

Football is a splendid game and it does not need baseless theories and stupid ideas smeared across it to entertain the lunatic fringe. I have played football all my adult life and have never, ever found any sort of evidence of aliens in a club's changing room. In my opinion

aliens do not exist and if they did the obvious place to find them is in the stands watching the game not on the pitch playing it. Think of that the next time you're at a match. That bloke next to you could well be a 'blue spotted, four armed Franacktion' from an obscure planet on the left arm of the Galaxy. It just looks like your mate Phil!

Colin Barker (Professional, human goalkeeper).»

3. Apprentices discovered

None.
